## BASKETBALL GAME - TUESDAY

This Tuesday we have our first home basketball game against Reformation. We will be playing our home games at the San Carlos Rec Center. We would like to leave school around 12:30 to head to the gym. We will have a game at 1:00 and a game at 2:00. Again, we ask that students stay for both games to cheer on the other team.

## BASKETBALL UNIFORMS

If you have not done so, please sign and return the Basketball Uniform Responsibility Form as soon as possible.

## END OF THE SECOND QUARTER

Last Friday was the end of the second quarter. With the many students that have been out due to sickness, report cards will most likely be sent home by the end of the week.

## HALF DAY THIS FRIDAY

We have a half-day this Friday for the Reformation basketball tournament. Students will be dismissed at 12:00. If you are planning on using after-care, please speak to Mrs. Ross so she is able to plan her afternoon.

## REFORMATION BASKETBALL TOURNAMENT

Shepherd of the Hills basketball team will be participating in the Reformation Basketball Tournament this weekend. Coach Garvin sent out an e-mail with all of the needed information, schedule, and the make-up of our tournament team. Make sure to take the time to read through this e-mail and let myself or Coach Garvin know if there are any questions.

## ART FAIR

CLHS will be hosting an Art Fair during the CLHS BB tournament weekend, February 18. If students would like to enter a project, they should bring their project in to school by Wednesday, February 14. They may enter a two or three-dimensional item.

For those that would like to participate, you might want to start thinking about a project to make or what you would like to enter.

## BLOOD DRIVE

Shepherd of the Hills will be hosting a blood drive this Thursday from 10:00 – 3:00 for our brother in the faith John Donahoe, who is battling leukemia. We appreciate anyone who is able to come and donate blood for this cause.

## SCHOOL STRENGTH - INDIVIDUALIZED INSTRUCTION

Low teacher to student ratio and a multi-grade setting that allows teachers to focus on student's strengths and individualize instruction for student's weaknesses. Our Multi-Grade Classrooms provide the perfect setting for teachers to work one-on-one with students to best meet their needs.

Students in lower grades observe instruction from classes above and can learn above what would be "normal" for their grade level. Students who may struggle with a concept can listen in on lower grade instruction to receive review in that area.

Have you ever had a parent ask how multi-grade classrooms work? Point them to the school website where we have put together two videos to help parents see the benefits. It is located under the "Academics" heading by clicking on "Multi-Grade Classroom".
